

Dementia care is complex & overwhelming for professionals in health, aged and disability care, which lead to compliance risk, poor client and staff experience and care outcomes.

About the PRO tool

The **PRO** tool is the world's first practical online tool that helps you to deliver quality dementia care, meet compliance needs and upskills your staff on the go, while saving you time.

World-first comprehensive dementia journey to help you partner with your clients and carers

Instant search and share feature simplifies referrals, care planning & consults for changed behaviours, unmet needs or mitigating risks

Tracking multiple client journeys on the go, providing strong evidence of partnership care for compliance

Contemporary and evidence-based care strategies & system navigation with easy-to-use checklists that provide practical prompts

Benefits

- **↑ Compliance:** Evidence against the 100+ Outcomes & Actions relevant to dementia and cognitive impairment in the new Strengthened Quality Standards & Guidance documents.
- **↑ Quality Care:** Instantly search & communicate contemporary, evidence-based and consistent care strategies, suggestions and more.
- **↑ Efficiency:** Save ~30-40min each time you use it.
- **↑ Skilled Staff:** Practical prompts on care strategies & system navigation in daily workflow to close the training-to-practice gap for clinical AND non-clinical staff, and providing microlearning on the go.
- **Rapid ROI:** Easy to implement and recoup cost with just one use per month.
- **Affordable:** The investment in the PRO is very modest.

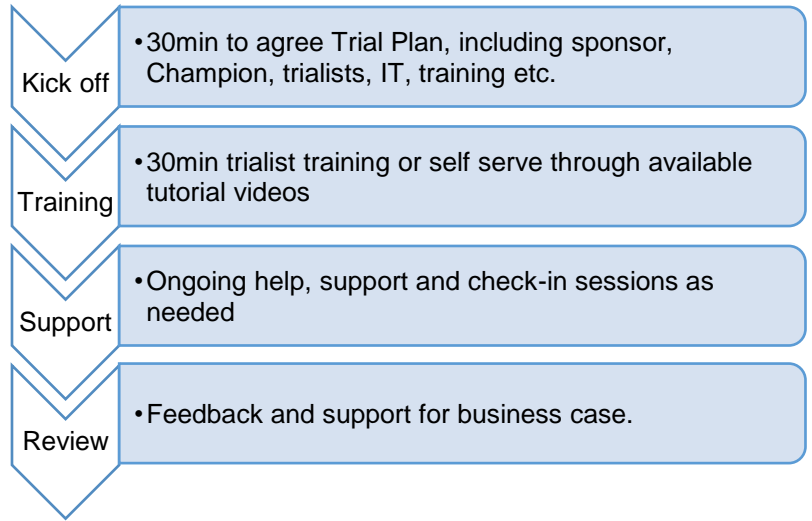

Nurse & care manager: 'I have been a nurse for 35 years and worked specifically with Dementia clients for 15 years prior to my current role. I would like to say that the PRO is hands down the best tool/resource I have ever seen'

Regional manager: 'This is perfect and exactly what we do and need. We really want something that's practical and can be used on the spot, not more training modules. Very helpful, especially new to the field'

Free Trial

- We offer a fully supported free trial of the **PRO** tool to help you evaluate the benefits of the tool and its operation as part of your existing workflows.
- **Participants:** Typically, 2 or 3 staff representative of the expected users, such as case managers/ coordinators, allied health etc.
- **Duration:** 4 weeks

Pricing

- Individual Plan or flexible Organisational Plan, which can be based on the total number of HCP clients living with dementia; as a bundle with the CARER tool; or any other model that meets the needs of the organisation, including as part of chargeable services.
